Douglas Unveils New Jet

Maiden flight of the newest and largest of the Douglas DC-8 jetliners is scheduled within the next 30 days, officials of the Douglas Aircraft Co. reported this week.

The new plane, the DC-8 Super 63, was introduced at the company's Long Beach facility last week. It is the largest commercial jetliner in the world and can carry up to 251 passengers.

Thirteen airlines have ordered the jetliner, which incorporates the latest design and safety features.

Normal operating range for the aircraft is 4,600 statute miles and the new jet is compatible with existing runways and airports.

Area Man Aids Capture Of Suspect in Burglary

Torrance police last Wednesday credited a North Torrance resident with the capture of a 19-year-old youth charged with three counts of burglary in South Bay Municipal Court.

Quick action by Marvin W. Farrington, of 18311 Prairie Ave., led to the capture of the suspect early Wednesday morning, police said.

Richard N. Mata, 19, of 18401 Ashley Ave., was arraigned Thursday on three counts of burglary. A preliminary hearing on the charges was scheduled Tuesday at 9 a.m. in Division 3 of South Bay Municipal Court.

Police said Farrington called them after he was awakened about 5 a.m. Wednesday by the sound of breaking glass. Officers Jerry Garleb and Larry Caudill responded to the call and found a man later identified as Mata hiding in a closed service station at 182nd Street and Prairie Avenue.

Automotive supplies worth more than \$500 were found in Mata's car, police said. He was arrested in connection with the burglaries of service stations at 5340 W. 190th St. and 4001 W. 182nd St., police said.

Farrington will receive a letter of commendation from the police department for his action, Police Lt. Donald E. Nash told the Press-Herald.
